ACCEPT NEW HAVEN PLAN Division of Property To Be Put in Hands of Trustees.

Washington, Feb. 5.-Although officials f the Department of Justice are centring attention on the question of how the New York, New Haven & Hartford Railroad ic to dispose of its holdings in the Boston & Maine, it became known to-night that it is the present plan that the other properties controlled by the New Haven which it has agreed to divide up eventually will be put in the hands of trustees. Such action, suggested by the New Haven in disposing of the Beston & Maine holdings, will be followed, it is said tonight, in handling the trolley, lines in Rhode Island and the so-called outside steamship lines. The trustees will be chosen by the New Haven. Attorney General McReynolds will not dictate the trustees, but no person will be named who does not receive his approval.

Louis D. Brandeis, of Boston, probably will be chairman of a board of trustees to take over the Boston, & Maine hold

Efficiency Engineers a part of Equitable service

UNIQUE as a building, the Equitable is also unique for its service.

Not satisfied with obviating every possibility for waste in the construction and interior lay-outs of the Equitable Building, we have also installed a corps of efficiency engineers in order to provide against the possibility of any tenant over-reaching his requirements in the matter of space.

We will prosper on merit and not on mistakes.

Leases now being made from May 1, 1915. The building, however, is due to be completed 2 or 3 months ahead of that date.
